Washington, DC 20515

The Honorable Marcy Kaptur
Ranking Member
Subcommittee on Energy and Water
Development, and Related Agencies
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the West Point Raw Water Intake project in fiscal year 2024. The entity to receive funding for this project is the U.S. Army Corps of Engineers or U.S. Bureau of Reclamation. The funding would be used for expanding raw water intake and pumping capacity for a maximum withdrawal of 4.0 MGD to meet demands projected in the current decade. The project is an appropriate use of taxpayer funds because existing intake facilities (c. 1964) with a capacity of 2.1 MGD are approaching the end of useful service due to deteriorated structures and insufficient size for expansion.

The project has a federal nexus because the funding provided is for purposes authorized by section 4009(c) of the Water Infrastructure Improvements for the Nation (WIIN) Act of 2016 (Public Law 114-322).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
